Merchants' Protective Association | Return to Their Respective Politi-Man is Under Arrest.

DIEHL WILL NOT TRY HIM. TO ADHERE TO PARTY LINES

His Case Will be Heard by Justice Dana T. Smith on Friday-Offense Is a Serious One.

Judge Diehl will not try the case against Francis G. Luke, of the Merchants' Protective association, charged with forgery by issuing an alleged bogus summons. The defendant appeared before Judge Diehl this morning and expressed the feeling that the court would not give him a fair hearing. On that account Judge Diehl declined to try the case and will call in Justice Dana T. Smith to take his place. Before it was decided who the case would be given to, the court smilingly suggested that it go to Justice Morris ommer, but Luke could see no joke in it and did not relish the idea in the

Dana T. Smith was finally agreed up-on and will try the case Friday after-

Francis C. Luke, the manager of the Merchants' Protective association, was arrested about 5:30 o'clock on Saturday evening on a charge of having forged the signature of Justice Peter Lochrie to a summons served by mail on Geo W. Palmer of Farmington on September 17. Luke was taken before Police Justice Diehl and placed under \$1,000 This is only one of many similar suits pending and the complaint was issue at the instance of Attorney J. W. String ellow, who has been gathering up evidence to show that Luke mailed to George W. Palmer a copy of a summens, which is alleged to have no existence in fact, and purported to de mand Palmer to appear in Justice Lochrie's court to defend a suit brought to recover \$1.63, claimed to be due to J. D. Wood on a judgment, The prosecution expects to show that Luke mailed Palmer a copy of the summons without going through the process of bringing suit at all, and that Luke becoming frightened afterwards filed a complaint dated back eleven days, and wrote to Palmer proposing to accept \$1.63, whereas the justice's fee would

Mr. Falmer refused the payment of the \$1.63 originally, which he said was an overcharge. As the use of the mall for such transaction is in violation of the United States statutes the case may drift into the federal court.

#### AT THE STATE PRISON.

Extensive Improvements Being Made That Will be Much Appreciated.

The improvements on the stat on, authorized at the last sitting of the legislature have been commenced. The work is being done by the prisoners under the supervision of Warden Dow and his deputies.

The chief improvement will be the new administration building, which, it is expected, will be completed by next summer. The building will occupy the angle north of the existing administrabuilding which has long outhved its days of usefulness. It will face fifty feet to the west, will be two stories high, and have artistic cornices and trimmings. Brick and stone will pe used in its construction. Under its roof will be the offices, a reception room, and the room for the meetings of the prison board. The old building will probably be occup for the prison officials. obably be occupied as quarters

Another important change is in the matter of gateways. Heretofore one entrance has accommodated both foot and wagon trailic. This is to be changed. The present entrance in the middle of the west wall will be modified to serve only for pedestrians. It will contain gates which will be oper-ated by levers from a turnkey box in which the turnkey will be surrounded neck-high with bullet-proof steel. This will make it next to impossible to rush the rate. The new wagon entrance will be further to the south, and will contain an outer and an inner gate, one of which will be opened for entrance and exit and closed before the other is The change in the gates will ne effected within the next few days The new trusty house is almost ready for occupancy, and is a substantial, up-to-date brick structure, lined and

hoored with cement. It will be used by the trusties on day duty. The ranitary arrangements are all that could be desired, and at present the prison hospital is without a pa-

cal Organizations.

Largely Result of Written Pledge by Republicans-A Minerity Committee Report Talked Of.

The campaign committee of the Wheelmen's Protective association has yielded to the overtures of the special Republican committee, and withdrawn the hostilly of the association from Mayor Thompson. The Republican representatives succeeded in satisfying the demands of the wheelman and it is likely that the association will retire from official participation in the campaign and the members will vote for their party candidates.

C. S. Wilkes and N. Y. Schofield of the committee did not accept the conditions, however, and it is said they will get out a minority report to present to the association. The other members of the committee are C. J. Higson, H. S. Anderson and E. P. Scoville.

The committee has sent the following Statement to the association: To the Members of the Wheelmen's

Protective Association:—As your duly authorized campaign committee, we have, after careful deliberation upon the proposition aubmitted by a reguthe proposition submitted by a larly appointed committee reprethe Republical party of this city, de-cided by a vote of 3 to 2 to accept said proposition, and as a like proposition has already been accepted from the Demogratic party, and therefore all the requests of the Wheelmen's Protective association been acceded to, we recom-mend that the members of said association be advised that all opposition be withdrawn as to the candidates for Mayor at the ferthcoming election, and that said members may vote the party ticket, as they may each individually desite.

C, J. HIGSON, Chairman of Committee.
That which has possibly done most towards making the wheelmen change front so suddenly is the following piedge submitted to the wheelmen's ommittee at the meeting last Satur-

We, the undersigned, candidates on the Republican city ticket, replying to your communication of October 19, 1901, leave to say that in conjunction with the members of the Republican city committee, we appointed a commitee of five, consisting of Messrs. Nye, to confer with your organization in order to ascertain definitely and specifically what legislation you desired enacted by the City Council and the dayor in relation to the interests of the

The committee so appointed after eeting with a committee of your association, reported to us the result of ference, and after mature consideration of the suggestions made, we hereby individually pledge ourselves that if elected on the 5th day of November next, we will enact and have apenstruction within one year from the st day of January, 1902, of cinder b le paths, five feet in width, along the ollowing streets of Salt Lake City: On outh Temple street from Eighth East South Temple street from Eighth East to the Oregon Short Line depot; second South street from State to Eighth East street; Fourth South street from Third West to Eighth East street; Sixth South street from Third West to Eighth East street; Main street from Fourth South street to Sixth South street; West Temple street from South Temple street to First North street; each bicycle to pay a license of \$1 per year, provided that no sidewalks shall be used by biyelists from April 30th to November 1st n restricted districts, but that from vember 1st to April 30th certain side walks on one side of a street, to be designated, to be used by bicyclists for the sole purpose of reaching bicycle paths to be constructed as aforesaid or

The pledge has been signed by nearly all the Republican candidates and in the light of the action taken last night it is probable that wheelmen will vote on strictly party lines, swinging the vote of the association neither for one candidate nor the other.

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father thinks be could not be without it. He has been troubled with rheumatism since be was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." MISS ADA DOTY, Sidney, Iowa.

"Rhenmatism affected my right knee so could hardly walk and I suffered four years. Medicines did not give relief and the disease grew worse and penetrated all through my body. I got a bottle of Hood's Sarsaparills and it did me so much good I got two more. When I had taken them I was cured and can now do my work with satisfaction." WM. A. CARL, Edgewood, Md.

#### BOISE BASIN ROAD. Articles of Incorporation Filed in

Boise Before Officials Left. Last week the Deseret News pub-lished a story to the effect that the visit of General Manager Bancroft and General Superintendent Calvin to the Boise Basin was the forerunner of the building of a branch line to Idaho City, if not further. The story was wired to Boise by the Associated Press and the reporters statted to see the rail-road officials for a confirmation. When seen Messrs. Bancroft and Calvin denied that there was any railroad sig-nificance to be attached to the visit. This is what the Boise Capital News says after one of its men had inter-viewed the visitors; "To prove to the many readers of the

Capital News that their visit did have railroad significance, the following articles of incorporation were filed immediately upon their return from the trip, and just before their departure for Salt Lake last evening: "That the name of the corporation is

#### PASSENGER MEN COMING. Traveling Agents Expected to Arrive

Here on the Morning Nov. 22. The members of the American Asso ciation of Traveling Passenger Agents are expected to arrive in this city on the morning of November 22, and to continue on their way East over the Rio Grande Western the same evening. In the meantime Geo, W. Heintz, assistant general passenger agent of the Rio Grande Western, is figuring on the best means of entertaining these business makers during their sojourn here it will also be a chance for the business men and those interested in the welfare of this city to take a hand in the proceedings and give the visitors on their way home from Los Angeles a favorable impression of Salt Lake City. When it is remembered that there is not a traveler who embarks on the trains throughout the United States but passes through the hands of the traveling passenger agent in some manner fi good that these men can do individually and collectively for Salt Lake is incalculable. If they carry away good im-pressions of hospitality and of Sala Lake generally they will undoubtedly talk about it for weeks afterwards and urge their customers to stop over in Utah on their way across the continent, Drives, banquets and theatrical performances are among the forms of en-tertainment which will be offered by cities where the passenger men

Charles Nutting was taken out at 9:30 this orning by the rescuing party that has been constantly at work since the accident occurred. He was alive but very weak when found. The space in which he had been imprisoned for so long and in which he suffered more acutely than language can tell, was so small that he was unable to stand up. His position was that of crouching or lying during the whole period of aw-ful imprisonment. Of course he had nothing to eat or drink. A plentiful supply of fresh air, however, served to prolong his life until today when he

The prisoner said he had nothing to say on his own behalf when directed by the court to stand up and receive sentence. His attorney, Judge Wenger, made a plea for his client on account of this being the first charge that was ever brought against Bridge, and be cause of the old and respected family of which he is a member. District-Attorney Eichner in reply reminded the court of the jury's recommen ation in their verdict, that on account of the heinous nature of the crime the court npose a severe sentence. Joseph Bridge's time of sentence was postponed till today on account of his illness. He is a man of heavy, murbid expression, with thick coal-black hair

and heavy black mustache. He is 34 TWO ARRAIGNMENTS. There were two arraignments before Judge Stewart this morning. James P.
